

Challenge Accepted!

This Week's Challenge – Most Creative Meal

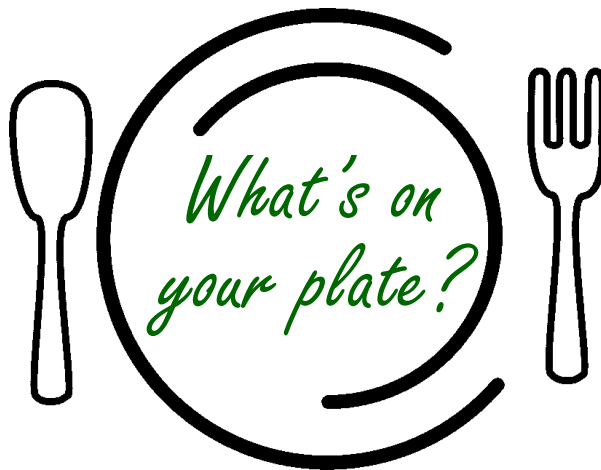

Working as a family unit, come up with the most creative meal! Think about location, food choices, how you cook, how it looks, how you eat and even how you clean up after!

Each member of the family must contribute – whether it is selecting or prepping the ingredients, taste-testing or arranging the food on the plate, there is a job for everyone.

Bonus points if you can have as many of your family members participate in as many aspects of your creative meal as possible.

How You Win

Post a picture or video of your creative dining experience by 12:00 pm on Monday to either the Heartland Kids Facebook or Instagram pages. The most creative will win... **family bragging rights!**

@heartlandkidsshpk

The winner will be posted Monday evening
