

The Light

This week our Bible Memory Verse talks about Jesus as our Light. That is so awesome! Your challenge is to take the outline of the picture here and using a window, trace it onto another page. Once you've finished tracing the image, give it some colour!

Send your finished image and a picture of you tracing it against a window to kids@heartlandalliance.ca.

How to trace a picture.

1. Print out the picture you would like to trace.
2. Take a blank sheet of paper and tape it (gently) to the paper you are tracing.
3. Hold (or tape) your papers up against a brightly lit window.
4. Trace!
5. When you're finished, show everyone your excellent tracing skills!
